

Leonard Gross

Len is a retired CPA. He holds bachelor's degrees in Electrical Engineering and in Basic Medical Science from the University of Washington as well as a Master's Degree in Quantitative Business Analysis from the University of Southern California. Len was CEO, COO, and CFO of several prominent, domestic and world-wide companies. He has negotiated and resolved conflicts between employees and management, between sales department and customers, and between Purchasing and vendors.

While in these positions, Len has managed organizations varying from 38 up to 1250 employees, with locations operating from a single site to those with 110 installations (operating with revenues from under \$4 million to those with annual sales over \$500 million). He has extensive training and experience in mediation.
