This experience has engendered in Enrique developed skills in management, human resources, negotiation and collaboration to accomplish set goals and objectives.

### **ADR/Mediation Experience**

Enrique has many years of experience as a mediator providing mediation services in the greater Los Angeles area. Early in his mediation years Enrique served the Los Angeles County Superior Court as a volunteer in the party-select program. Thereafter, Enrique developed his training and practice in the family arena. He was admitted to The Association for Conflict Resolution in 2014 as an Advanced Family Practitioner. He then became a certified advanced family practitioner member of The Academy of Professional Family Mediators. Enrique is also a mediation panel member of Southern California Family Mediation beginning in 2017, serving families within the child dependency system in Los Angeles. He also provides mediation services in adoption related conflicts. Family dependency and adoption cases are unique and very complex cases to mediate. They usually involve parties that are in high conflict situations that require specialized training and skills that can only be developed over time. Enrique obtained MC3-Certification in 2022. MC3 focuses on an individual's education, training and practicum exclusively within the area of mediation. In addition, Enrique has been inducted to AAAMediatin.org as an affiliate member.
